A Letter Home

Life in a U. S. naval recruiting station is vividly portrayed in a letter received last week from Bill Gfroerer, Jefferson Union high school graduate who recently joined the Marine Corps and Band at Mare Island.

The son of Mr. and Mrs. A. W. Gfroerer, 139 Vista Grande avenue, and an employee of the Daly City Record, Bill left here early this month. His letter to his family reads as follows:

November 14, 1940

Dear Mom, Dad and Myrt,

Well, here I am writing again. Boy, are we getting a work-out now! There are four sergeants from a Boat camp in San Diego training us. We get about eight hours of drilling every day with rifles and cartridge belt, with a bayonet fastened at the side. The only trouble is that the bayonet gets in my way when walking but I'm getting used to it now, and my shoulders are sore from shouldering the rifle. The darn thing weighs about nine pounds and we have to throw them around like a light stick. We have to drill like those soldiers over at the fair with rifles. It is called manuel of arms. Besides that we have to play in the band every morning, for reviewing the troops and parade around. Boy, oh boy, are we busy! It's not like it was at first. We have to train with the guns for six weeks. Tomorrow we learn all the positions of firing.

Yesterday we went to the hospital and got another exam. They really went to town. They even X-rayed our teeth and I passed O. K. Tell Dr. Brasch the marine dentist said he did a swell job.

Today we got some more clothes, 6 socks, 2 shirts, another canvas belt and 6 suits of underwear. All the other companies are jealous of our company because we get everything first. That's what it is to belong to Headquarters company. We're still eating like pigs. I've gained six pounds and am still going strong.

Today I got a paper from The Record with all our pictures in it. All the fellows want to read their home-town news.

Well, I'll have to close now because the lights go out in five minutes. Say hello to the folks at 269. I won't be home this week-end. So I'll see you all when I get leave.

Love,

Bill

Colma Fire Dept. Dance Saturday

Where is everyone going on Saturday night?

The answer is easy—to the annual benefit dance sponsored by the Colma Fire department at Lovchen Gardens.

Colma firemen and their friends expect it to be one of the biggest parties of the year. Top-notch music and entertainment will be featured, and the dancing will continue to a late hour.

And best news of all—everyone in town is invited to attend. Festivities will start shortly after 8 p. m., according to reports.

George Phelan Hurt When Struck By Car

George Harvey Phelan, 3339 San Jose avenue, was treated late Sunday afternoon at the Villa hospital for minor injuries incurred when he was struck by a car driven by William Henry Onstot, 1950 Anza way, San Francisco.

The accident occurred as Phelan was crossing San Jose avenue near the Bank of America. He was taken to the hospital by the Daly City ambulance. Onstot was not held by police, who reported the accident unavoidable.

There's Still Time

To Make Reservations For Alumni Dance

There's still time to make your reservations for the Big Game dance sponsored by Jefferson Union high school alumni association, Paul Green, president of the association pointed out today.

Tickets may be purchased any time between now and Friday night at the Daly City Creamery. The dance will be staged Friday evening at the Crystal Springs Golf and Country club on Skyline boulevard, with reservations available for 100 couples.

Mrs. Eleanor (Hutchings) Cameron, chairman of the entertainment committee, announced that the affair will be an informal one. Dancing will last from 9 p. m. to 2 a. m., to the music of a well-known orchestra.

The general public is cordially invited to attend, as well as Jefferson alumni.

Like To Sing?

Then You've A Date For Tuesday Evening

If you like to sing (and who doesn't?) you've got a date for 8 p. m. Tuesday evening of next week at the Jefferson Union high school little theater.

Miss Clara Dayton, Daly City's popular new music leader, completed arrangements yesterday for a fall community sing to be held at the high school. The affair is to be sponsored by local organizations. Everybody, from baby to grandmother, is invited to come and to join in a lively evening of patriotic, folk, cowboy, semi-classical, and popular singing.

Bruce Boynton, director of the local WPA Recreation department, last week announced that Daly City was extremely fortunate in having Miss Dayton added to its capable recreation staff. Her abilities as a lecturer, recitalist, and community music leader are outstanding, he said.

DRAFT

Daly City's draft board in the city hall is busy tying up odds and ends this week after sending off the first quota of "trainees" last Tuesday morning. The four volunteers who were feted at the city hall last Monday night are now with the U. S. Army in Monterey, according to latest reports.

Next contingent from this district is not expected to be called until January, although it is possible a call may be issued sooner for replacements to fill the first quota, which was one man short. There are now three additional draftees available for service, according to Robert Short, clerk of the local board.

A sixteenth man, John Alfred Coughlan, 72 Willits street, added his name this week to the list of local volunteers. Meanwhile four other young men from this district enlisted with the U. S. Navy Recruiting Station in San Francisco, two of them from this community. They were James Dial Gattis, 100 Market street, and Walter Joseph Beucus, 190 Edgemar street.

For the general public, the draft board announced this morning

Hurry! Hurry!

Only Four Days Left In Red Cross Drive

"There are only four more days left in the annual Red Cross membership drive," Mrs. Eva Page, local Red Cross chairman, announced today.

"With the heavy responsibility which faces the Red Cross in this coming year, I am sure that everyone in Daly City wishes to contribute his bit toward the relief of suffering both here and throughout the nation."

Mrs. Page revealed that Daly City's contributions have already passed the $200 mark, but that more funds are needed. She announced that anyone who has not yet been contacted by a neighborhood worker may send his donation addressed to Mrs. Eva Page, 532 San Diego avenue, Daly City.

"Daly City's response has been generous and enthusiastic," she said. "In the remaining four days of the drive, we hope to push the final total up to a high mark."

Mrs. Page also expressed her appreciation to the Daly City theatre, which is cooperating in the drive.

COUNCIL

Mayor Names Cavagnaro To Represent Daly City At Tournament Opening

Being a councilman involves a lot of hard work and a lot of learning. Not only does Councilman Edmund Cavagnaro have to keep in touch with law, politics, street work and municipal finance this week—he will also make his first public appearance in a bowling alley.

"You'll never learn any younger," Mayor John J. Fahey remarked Monday evening at council meeting as he appointed Cavagnaro to represent Daly City at the huge opening of the Eagles Peninsula bowling tournament December 2 in San Francisco.

Cavagnaro will roll the first ball for Daly City in company with civic celebrities from San Francisco, Redwood City and other communities, including Mayor Angelo C. Rossi. The local Vista Grande Aerie No. 1848, F. O. E., are entering two teams in the tourney.

Other business at Monday night's council meeting included discussion of a new fire box to be installed this year near the new homes on Hillside boulevard, and brief references to garbage and lighting problems, both of which will be taken up in more detail at caucus meeting.

Set December 13 For Scout Court

Final plans for a general Boy Scout court of honor, December 13, were discussed at a special meeting of the newly-organized District Forum on Monday evening at the No. 5 firehouse, according to District Commissioner, A. J. Bodien.

Scout leaders and representatives from every troop in Daly City, Colma, Lawndale and Brisbane will cooperate to make the district court of honor one of the most spectacular scout ceremonies ever to be staged in the Jefferson Union high school auditorium.

Full details of the program will be announced in subsequent issues of The Record.

Council Purchases New Car For Police

Daly City council met in special session last Tuesday evening to complete the purchase of a new police car. Upon motion of Councilman Henry Sundermann, the sale was awarded to Belli Motor company for a new 1941, 8-cylinder, 61 Buick sedan, at a price of $1487.

There was only one dissenting vote, that of Councilman Paul Selmi. The car was delivered this week and is now in use by the police department, who turned in the old car.

OBSERVE NATIONAL ART WEEK

Outdoor Program For Woodrow Wilson

Woodrow Wilson elementary school will celebrate National Art Week with an outdoor program, tomorrow morning. Dressed in artists' smocks and berets, and holding palettes, pupils in the event will display their arts and crafts. Drawings, paintings, leathercraft, metalcraft, woodcraft, basketry, weaving, maskmaking, marionettes are only a few of the children's accomplishments which will be on review.

The observance will open at 9 a. m. with the pledge to the flag, led by the scouts. The entire school, under the direction of Miss Mabel Vireno, will sing "America, The Beautiful." Several talks on art and Art Week will be presented, according to Mrs. Rose Corral, who is in charge of the program.

Children of the entire Jefferson school district have opportunity to participate in a varied art curriculum. From kindergarten to eighth grade, pupils are kept in constant touch with art through both appreciation and participation.

With the observance of National Art Week, November 25-December 1, Daly City's attention centers on Miss Jehan Dorn, young art student and instructor with the local WPA Recreation department. During the past year, Miss Dorn has taught hundreds of children and adults here the fundamentals of arts and crafts, adding much to Daly City's cultural background.

Recreation Dept. Offers Art To All

Despite wars and depressions, the busy American public takes time out this week for the observance of National Art week.

In Daly City as in other communities, churches, clubs, schools and public service institutions pay tribute to the American artist.

Perhaps the busiest place in town this week is the WPA Recreation department, where some five hundred persons are instructed daily in the fundamentals of arts and crafts.

"This week especially we wish to call the public's attention to the many free art classes which are open to everyone in Daly City," Bruce H. Boynton, local supervisor, said today. "Opportunities for pleasure and cultural advancement are yours for the asking."

Foremost art leader on the local staff is Miss Jehan Dorn, a young artist who has spent many years of study at famous schools both in the United States and abroad.

They Didn't Get To Sleep Late!

Daly City firemen of Company No. 2 had little chance to sleep off their Thanksgiving turkey Friday morning. An alarm from 101 Santa Cruz avenue at 7 a. m. called them out to extinguish a small blaze hidden between the walls of the rumpus room.

The fire was caused by overheating from the fireplace, Chief Andrew P. Chesney said today. He warned all residents of the importance of using a wire basket to keep hot ashes from coming in direct contact with the bricks.

Pair-Skating Contest Finals Set For Tuesday

The beauty and grace of ice skating will be exemplified next Tuesday night in the final event of the current pair-skating contest at Winterland, Post and Steiner streets.

A dozen couples, selected in weekly preliminary and semi-final divisions of the contest, will skate for final judging. Winners will receive prizes, it was announced.

Pair-skating is one of the fascinating diversions of ice rinks and may be done by skaters with varying degrees of ability. It is similar to dancing in that rhythm, grace and poise are its main beauty requisites. Timing is the major factor for award of points in judging and the entrants are subjected to quick changes of tempo while they are skating.

Officials of the city's recognized skating clubs will be the judges of the Tuesday night finals.

Other special events are continuing to attract crowds at Winterland now that the winter sports season has arrived. Ice polo, the hilarious, non-hazardous adaption of hockey, is played each Monday night, speed events and barrel-jumping are set for each Thursday night, "musical chairs on ice" is played each Saturday night and other features are arranged from week to week to fill the entertainment schedule.

Wild Duck Increases

The number of wild ducks in continental North America was increased by nearly 2,500,000 during the past year through the efforts of American sportsmen.

Voula Davanis Writes For School Paper

Tonight and Friday the curtain will rise on a colorful operetta of Old Spain, "Maritana," given by the Academy of the Presentation in San Francisco.

But behind the gayety and the crowds will be the work of students of the academy and in particular, the work of Voula Davanis, Daly City student, whose excellent publicity work as "star reporter" of the school paper will do much to assure the play's success. Her review of the operetta was a top-flight story.

Voula is the daughter of Mr. and Mrs. George Davanis. Davanis is proprietor of the Signal coffee shop, 6298 Mission street, and is a well-known business man in this community.

Local Woman Hears From Britain

Mickey Mouse gas masks are the latest novelty to make war less ghastly for children in war-torn England, Mrs. Francis Bradley, 358 Hillside boulevard, reports today.

With a brother and his family in London and a sister and her family in Somerset, Mrs. Bradley receives occasional news from overseas that makes the current war seem shockingly close to home. London and Somerset are both coastal towns and have experienced some of the heaviest bombing in the war.

Where mail from England formerly took 13 days to reach Daly City, it now requires from 23 days to 6 weeks, Mrs. Bradley said. She has not heard from her mother, who is in Brussels, Belgium, since the German occupation of that territory, except indirectly through the Red Cross. Mrs. Bradley herself was in London during the last war.

Recently Mrs. Bradley received a London Times which is almost startling in its calm acceptance of the war situation, its matter-of-fact descriptions of bombings and of the courage with which the English are meeting the crisis.

Pictures of devastated London sections hit by yesterday's bombing raid are run side by side with a long review of a Schubert symphony played the previous evening. An account of the soldiers' playing golf at the front is varied with an advertisement for "Aspro" to "overcome the problems of sleeplessness."

Hoods and boots which will be comfortable in the air-raid shelters are featured by a leading department store with other women's clothing. Another London hospital is hit, but there is still room in the paper for a long account of "business continuing as usual" at the London zoo.

Especially interesting are the want ads, which unlike American usage, comprise the entire front page of The Times. On the inside pages, the news and make-up are handled in a typically conservative British style.

B & G Sales Thank Police Department

Nickel in Television

Television promises a new outlet for nickel. Vital as the device that translates the electrical impulses into visual patterns, the cathode-ray tube may require up to eight times as much nickel in its construction as does the conventional wireless tube. Associated with it in the receiving set are 18 to 36 radio tubes, as compared with 4 to 16 employed in the metal and its alloys are also used in the transmitting equipment.

The 1940 Christmas Seal was designed by Felix L. Martini (upper right.)

"The Faster They Go, The Harder They Hit"

MOTORISTS—You have all heard the expression, "The bigger they are, the harder they fall." Well, here is another expression that is just as true, and more important to remember—"The faster they go, the harder they hit!"

The National Safety council says that the police reports from all over the country blame speed in one out of every four fatal traffic accidents. It is the most frequently reported violation. Remember—you can make a mistake going 25 or 30 miles an hour with more chance of getting out of it alive than when you are doing 50 or 60.

The racing season, the foot ball games, and the fine weather make the motor traffic particularly heavy in San Mateo county this month and next. So START SOONER, DRIVE SLOWER, AND LIVE LONGER!

Studebaker Hits Production High

Reflecting the rising prosperity of the Intermountain and Pacific West as illustrated by the landslide of orders for 1941 model cars, automobile factories report what are declared to be "astonishing increases" in production during this last month.

Highlighting the accomplishments of the various auto-making plants which serve the West was the month's report of the Studebaker Pacific Corporation's factory which showed October, 1940, to have been the biggest month in production, shipments and retail deliveries in the plant's history.

C. K. Whittaker, president of the Studebaker West Coast factory organization, stated that last month's production exceeded the heaviest previous month by 530 units. He also disclosed it was 67.8 per cent greater than the corresponding month of last year.

The record-breaking Studebaker West Coast factory figures for October just disclosed, are reflected here in Daly City by new marks in sales of 1941 model Studebaker cars, according to William J. Sweeney, local dealer.

NATIONAL ART WEEK

This week marks the event of National Art Week. Throughout the nation it is being celebrated in the belief that American art is important to **everyone**—to little Johnny only 9, to grandmother and to Joe, whose main interest seems to be his rattle-trap car.

Once art belonged to the rich, to captains of industry and to kings; later it was housed, row upon row in museums—distant, cold and somehow a little forlorn amid the marble and uniformed attendants. Now, in the past few years, it has really come to the people. We have just begun to understand that art is something we live with—not something to stare at on off Thursday evenings in the public galleries.

This great tide of public interest in art will doubtless see a lot of superficial "fadism" and bad taste, but it will have accomplished the **heroic** task of making art —from the centuries' masterpieces to the modern regional crafts—available to everyone.

IT'S A GAME!

Everyone's filling out questionnaires this week. So why don't you? Jump on the bandwagon and tell the world just what kind of a Recreation Program YOU would like to see sponsored in Daly City.

Here's all you have to do to put in your two cents' worth. Just take a pencil and check the hobbies or sports you like the best. Then mail this coupon to the Daly City Record. Help push your own favorite spare-time activity!

Bruce H. Boynton, local WPA Recreation director, has promised to give his sympathetic consideration to all results of this "Recreation Poll." Answers received from these straw ballots will be used in helping work out a recreation program here that will give Daly City the kind of fun that Daly City wants.

Get out your pencil and answer TODAY. Ballots should be mailed to The Daly City Record, 3317 San Jose avenue.

DALY CITY THEATRE TO SHOW RIOTOUS COMEDY

Ritz Brothers, Andrews Sisters Star In "Argentine Nights"

Sparkling with new songs, fast comedy and an array of colorful dances, the Universal musical "Argentine Nights," opens tomorrow at the Daly City theatre with the Ritz Brothers and the Andrews Sisters as its co-stars.

Never have the three comedians cavorted to more hilarious effect.

For the Andrews Sisters, famous swing trio who are presented for the first time on the screen, the picture marks an auspicious debut. In the same spectacular style of singing which has lifted them to favor on phonograph records, the radio and stage, the girls introduce four new songs, "Hit the Road," "The New Lick," "Oh, He Loves Me" and "Rhumboogie," and register a definite hit. The Ritz Brothers present "The Spirit of 77 B," a musical satire, and "Brooklynonga" as important highlights of the film.

Constance Moore and George Reeves, a screen newcomer, are delightful as the romantic interest in the screenplay.

The story shows the hilarious Ritzes taking a group of pretty girl entertainers into the pampas country. Four beauties who stand out are Peggy Moran, Anne Nagel, Kathryn Adams and Julie Duncan. Tops are the scenes in which the Ritzes do a riotous impersonation of the Andrews Sisters during a shipboard party.

Ginger Rogers and Ronald Colman in "Lucky Partners" will also be featured on the new bill.

'Self-Made' Farmer

Charles McCartney, a farmer near Sigourney, Iowa, uses only articles of his own making. He built his own house, furniture, barn and plow. He and his family wear only goatskin clothing, which he makes himself.

The Ritz Brothers, Jimmy (L), Harry and Al, co-star with the Andrews Sisters in Universal's riotous comedy musical, "Argentine Nights."

Fritz Kreisler To Play, Dec. 2

Fritz Kreisler, heralded as "the world's most beloved artist," the magic of whose violin has charmed millions throughout the world, will be the third concert celebrity on the San Francisco Opera association's series when he appears in a single concert Monday night, December 2, at the War Memorial Opera House.

Kreisler has chosen an unusually interesting program that will show his artistry and his famous violin at the best. Carl Lamson will be the accompanist. The program is as follows: Suite, E Minor, Bach; Largo and Allegro assai, Bach; Concerto, G Major, No. 3, Mozart; Impromptu, G Major, Rondo, D major, Ballet Music to Rosamunde, Schubert; Lotus Land, Cyril Scott-Kreisler; Hungarian Dance, Brahms-Kreisler; Three Slavonic Dances, Dvorak-Kreisler. Tickets for the concert are now on sale at Sherman, Clay and company.

The next attraction on the San Francisco Opera Association's series is the famous Argentinita, who will give a single performance at the War Memorial Opera House, Sunday afternoon, December 8.

Apple Pie for Rubinoff

Mrs. Oliver Johnson of Helena, Mont., recalled that what Violinist Rubinoff particularly liked when she was a vocalist with his orchestra was apple pie. So when Mrs. Johnson greeted Rubinoff in Helena recently she carried with her a thick, juicy apple pie. "Wonderful, wonderful," said the violinist.

Curran Presents "Tonight At 8:30"

Brian Aherne, Joan Fontaine, Philip Merivale, Gladys Cooper, Reginald Gardiner, Benita Hume, C. Aubrey Smith, Heather Angel, Helen Chandler, Doris Lloyd, Dame May Whitty, Jean Cagney, John Garrick and others are in the cavalcade of stars who are appearing in "Ways and Means," "Fumed Oak" and "Family Album," comedies by Noel Coward from his "Tonight at 8:30" repertoire, which opened for a week's run at the Curran theatre, Monday evening.

The Players Theatre, new producing group which includes Alan Mowbray, Homer Curran, George Cukor, Douglas Fairbanks jr., and Ouida Rathbone, is directing the presentation. In addition to the six night performances there will be matinees today and Saturday.

"Ways and Means" is a light comedy in three scenes, staged by James Whale, who did the original London production of "Journey's End."

"Fumed Oak," a comedy in two scenes, was directed by Margaret Webster, who staged Maurice Evans' "Hamlet" and many Gilbert Miller plays.

"Family Album," a Victorian comedy with music, was staged by Peter Godfrey, founder of the Gate Theatre, London, and director of plays by George Bernard Shaw and Eugene O'Neill.

Settings for all three presentations were designed by Robert Edmond Jones.

"Ways and Means" marks the return to the footlights of Ronald Colman's wife, Benita Hume, star of many London and New York stage hits.

Night performances start promptly at 8:15 p. m.

Today and Saturday matinees begin at 2:15 p. m.

Publisher Addresses Recreation Leaders

Albert H. Boynton, publisher of The Daly City Record and Shopping News, was recently invited to be the first guest speaker for the Northern San Mateo county series of "in-service" training classes for recreation leaders.

Boynton spoke yesterday morning in South San Francisco before a crowd of nearly fifty recreation leaders and directors from South San Francisco, San Bruno, Daly City, and Millbrae. He had been asked to analyze the topic, "Public Relations."

Sponsored by the WPA Recreation department, the training series is expected to last for eight weeks. Next speaker will be announced later, according to Bruce H. Boynton, assistant county supervisor, who is in charge of the classes.

Identify Body of Woman Washed Up at Rockaway

Deputy Coroner Ida Mae Lasswell was successful late Thursday evening in securing the identification of the nude body of a woman, who was washed ashore at Rockaway Beach, Thursday afternoon.

Mrs. Matilda Duering, 47, 536 Victoria street, had been missing since 2 p. m., Tuesday, her husband, Herbert Duering, told Miss Lasswell. She had been in ill health.

Her body was found near R. O. Scott's place, clothed only in tan shoes and stockings. Identification was aided by means of a wedding ring with initials inscribed inside. Death apparently was from natural causes, a broken neck, possibly incurred from a leap from bridge to water.

Investigate Two Traffic Deaths Here

accident occurred at Mission and Parkview avenues.

The jury returned no verdict in the death of Mrs. Mary Ronconi of Colma, who was killed the following Saturday evening, November 16, near the Colma business district. "Further investigation by the district attorney's office" was recommended.

Albert Guisti, 17, 578 San Diego avenue, driver of the car which struck Mrs. Ronconi on El Camino Real, testified that another driver flashed a powerful spotlight into his eyes, blinding him. There were no other witnesses to the accident. Guisti said he did not know the identity of the driver of the other car.

Weatherbeaten Woodwork

A method by which an old weatherbeaten effect can be achieved on new knotty pine woodwork has been devised by paint authorities. Paint experts advise the sponging of the surface with a fairly strong solution of ammonia or soda. If a dark finish is desired, make a stain of raw umber thinned with turpentine and add enough varnish to bind it. Prepared varnish stains are available for this purpose if preferred. A thin coat of reduced shellac or dull varnish may then be applied, followed by a coating of wax.

Learning Foreign Languages

Students in foreign schools acquire a greater mastery of languages than students in American schools, says the Columbia University Press.

County News

Famous Authors Here—

Charles Nordhoff and James Norman Hall, famous writing team, creators of "Mutiny on the Bounty," "Men Against the Sea" and many another exciting and romantic South Sea best-seller, are in the city of San Mateo collaborating on a new book. It will be their eighth. The authors have been there for the last two weeks—Nordhoff attempting to "hide out" in the suite of a local hotel. Hall has taken a San Mateo apartment.

"Please don't say where I am staying," begged Nordhoff, who has only left his typewriter long enough to go down to dinner these last two weeks. "I have old friends here, but just now I have to work."

For 20 years the two writers have lived in Tahiti.

This Was No Rally!—

Hurling eggs and defying police, a mob of youthful students of Burlingame and San Mateo high schools created and unprecedented riot in the business district, last Tuesday night, following a pregame rally for the traditional "little-big" game between the two schools.

The situation was so serious that one store was damaged and a waitress injured and reports differed on whether the police had or had not used tear gas to disperse the students.

Package Receiver

A package receiver, installed in the wall of the kitchen, is a useful but not costly feature which adds considerably to the comfort of the family and to efficiency in the home. It has a self-locking door which opens outside and is insulated and ventilated. Another useful feature in the home is a laundry chute, particularly for homes with basement laundries and second-floor sleeping quarters. They are installed in the walls and have vertical shafts which permit soiled clothes and linen to be dropped directly to the laundry.

His Hat in the Ring

"Mahatma" Bailey, assistant football coach at Washington State college, was married recently, reports the American Magazine, and among his wedding presents were 26,000 old hats sent by his alumni friends. They all remembered that Bailey has a habit of throwing his hat down and jumping on it whenever his team faces a critical moment in a game.

Eighth District Knights Of Columbus To Hold Communion

Knights of Columbus from councils of the eighth district, including San Jose, Palo Alto, San Mateo and Daly City, will hold a district communion at the 8:30 a. m. mass at Our Lady of Perpetual Help church, Sunday. Father Thomas Phelan will deliver a special address for the occasion.

Present at the mass gathering will be the national head of the order, Edward Molkenbuhr, Supreme Director of the Knights of Columbus. A large delegation of San Francisco members is expected to accompany him.

The services will be followed by a breakfast at Estrada's Spanish Kitchen.

On Tuesday evening at Theatre hall, Capistrano Council No. 2712 of Daly City will initiate four members into the first degree. Local officers will put on the initiatory work, with a substantial delegation in attendance from San Mateo, Palo Alto and San Francisco councils. Refreshments will be served after the ceremonies.

Local Eagles Enter Peninsula Bowling League

Local bowlers are watching with interest this week the selection of the first and second teams for Colma Vista Grande Aerie No. 1848, F. O. E. The teams will enter the mammoth Eagles Peninsula bowling league which will start a regular 27-game series this coming Monday night at 115 Jones street.

It is not too late to qualify for a position on one of the teams, George Wheeler, vice-president of the league, announced today. The second and final practice will be held on alleys 1, 2 and 3 at 115 Jones street this coming Friday evening. Any Eagle who is interested, whether he has ever done any bowling before or not, should contact Wheeler at DElaware 9211. The series will be a handicap affair, giving the low score bowlers an even chance with the best.

Participating in the league will be teams from San Francisco Aerie No. 5, Golden Gate Aerie No. 61, South City Aerie; Burlingame Aerie, San Mateo Aerie, Redwood City Aerie and Colma Vista Grande Aerie.

Prizes will include both cash and trophies for high average man—high game during the tournament—most improved bowler—most consistent bowler—and individual trophy for the winning team members.

City officials and other dignitaries are expected to be present to launch the league on Monday when the opening games are held. Admission is free and the public is invited.

Players making the highest averages of the six practise games, three last Friday and three this Friday, will be chosen for the two teams. Last Friday's averages stacked up as follows:

JEFFERSON INDIANS MEET 12--0 DEFEAT

Unable to gain over the ground route, and seemingly reluctant to take to the air, the Jefferson Indians went down under a 12-0 onslaught by the South San Francisco Warriors, Thanksgiving Day. A capacity crowd of 2000 spectators witnessed the game.

Herb Poddig, plunging Jeff fullback, played brilliant ball both on offense and defense, making most of Jefferson's yardage and getting a lion's share of the tackles, but the Warriors' superior kicking and passing kept the local eleven deep in their own territory for most of the game.

South San Francisco's two scores came in the first and fourth quarters, both from passes. The Indians displayed a stonewall defense in the fourth period, holding the Warriors on the one-foot line. In a second attack, a few minutes later, the visitors were held for three downs on the two-yard line, but took to the air with a bullet pass for the final score.

Jefferson's only threat came with minutes to go in the fourth period, when a completed pass and a breakaway run by Poddig put the ball on South City's thirty yard line. A quick-charging Warrior line, however, bottled up the local drive. All hope of reaching pay-dirt ended a moment later with the final gun.

The starting lineup was as follows:

R. E.	B. Dyer
L. E.	D. Rupert
R. G.	J. Schauer
L. G.	D. Hertz
R. T.	B. Capps
L. T.	J. Faulk
C.	B. Rigler
F. H.	H. Poddig
R. H.	J. Razzari

Canadian Sport Fishing

Remarkable progress in the development and extension of sport fishing areas in the national parks of Canada is reported by the department of mines and resources, Ottawa, which administers Canada's system of national parks. As a result of biological surveys and subsequent stocking operations in the various lakes and streams, particularly waters once barren of fish, visiting anglers may now enjoy good fishing in many waters where previously there was little or no fishing available. One of the outstanding achievements has been the successful introduction of the speckled trout from its native haunts in eastern Canada into many of the clear, cold waters of the national parks in the Rockies.

DESSERT SALAD... *refreshing finish to a meal*

by Dorothy Greig

THIS dessert salad is one of those blessed two-in-ones that make a woman's life cheerier. It doubles as salad and dessert.

It is a sparkling jelly imbedded thick with juicy fruit. Bring it to the table well chilled and add a smooth creamy dressing. If you jell the salad in a fancy mold it is gay to look at as well as being refreshingly tonic to eat:

Jellied Cherry and Pineapple Salad

- 1½ cups canned black cherries
- 1½ cups pineapple chunks
- 1½ cups fruit juice (pineapple and cherry)
- 2½ teaspoons gelatine, sprinkled on two tablespoons of water
- 3 tablespoons lemon juice

Remove pits from the cherries. Sprinkle the gelatine on water and let stand about five minutes. Heat the pineapple juice and pour on gelatine, stirring until dissolved. Then add cherry and lemon juice. Chill until gelatine begins to set. Add fruits, pour into mold and place in refrigerator until firm. Serve with Cream Cheese Tomato Dressing.

Cream Cheese Tomato Dressing

- 1 package of cream cheese
- 2 teaspoons of lemon juice
- ½ teaspoon of salt
- ¼ cup salad dressing or mayonnaise
- ½ cup condensed tomato soup

Cream the cheese and to it add the lemon juice and salt. Blend in the salad dressing or mayonnaise and the tomato soup.

Slate Roofs

When the roof of a home is renewed, the matter of weight of the material selected must be studied carefully. If the old roof is of wood shingles, it is often possible to cover it without removing the old shingles, but if a heavy material, such as slate, is used, the frame must be checked to see if it will safely carry the added weight.

And, by the way, mama, I hope you've been listening. THIS IS IMPORTANT.

There's Nothing Stuffy About Olives!

By Jane Floyd Buck

Olives are one of the aristocrats of the food world, tracing their ancestry as a foodstuff back to 1500 B.C.

The tree which brings them into being, slowest growing of any in existence, sometimes attains an age of 2,000 years.

There is a legend that there were eight olive trees which grew on the Mount of Olives in the supposed site of the Garden of Gethsemane beneath which Christ used to walk. These trees were held in such veneration that monks in a monastery nearby cared for and guarded them against harm or damage and devout Christians made pilgrimages to them.

First used as a food in their semi-wild state by the peoples of Palestine and northern Africa, olives became popular in Southern Europe and Greece and at about 400 B.C. Wealthy Romans had large olive groves.

Time was when olives were a luxury food item and their appearance on the table of Mrs. Average American Homemaker marked a special event. Today, however, due to the system of mass merchandising and distribution developed by the chain stores they fit into the low cost budget with ease.

Nowadays, olives are so important on the average American menu that last year this country imported more than $4,700,000 worth of green olives. Ripe olives come primarily from California and Texas, and more than $4,000,000 worth are canned in these states annually.

Let's make a trip to the plant of the largest of the food chains and learn something about how all of these olives—literally billions of them annually—are made ready for our kitchens.

Each hogshead of olives—all of the green olives are imported—is tested for quality upon arrival at the plant. After passing this inspection they are piled upon stainless steel tables and bottled by hand, each being inspected before it is put in the bottle. The bottles then get thoroughly doused in circulating hot water before going to the packing machines which add brine and seal on the caps.

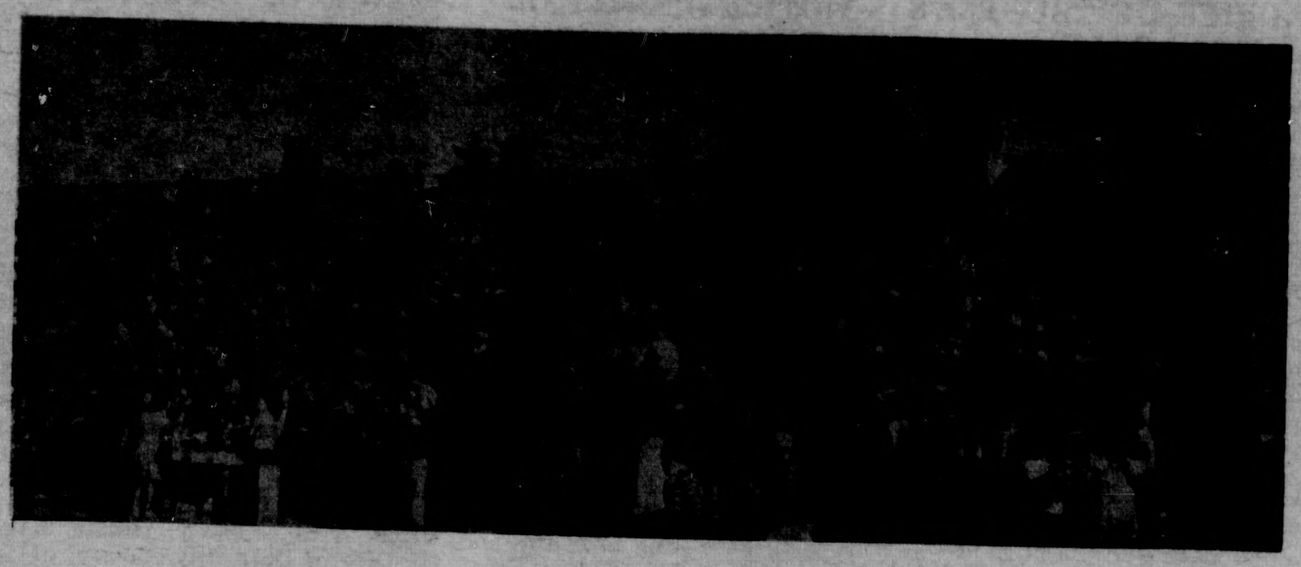
The Record cameraman spent a busy week. He found Daly City youngsters and oldsters alike having a wonderful time for themselves

Here are a group of the boys and their leaders who enjoyed the big Scout-Cub field day at Bodien park, November 16. Group 141 sponsored the all-day event.



Mr. and Mrs. Sidney White sr., 918 Hanover street, who recently celebrated their Golden Wedding anniversary at a dinner party given by their children.

Two thousand students and adults flocked to the big Thanksgiving-day football game between Jefferson and South San Francisco. Although Jefferson lost, 12 to 0, it was a thrilling game. In the two action pictures above, South City is shown in their smashing offensive. The arrow points to the pigskin, which was on its way to a South City touchdown.

Lighting the sky for blocks around, the big community bonfire drew more than 500, Wednesday night. Co-sponsored by the Daly City Record and the WPA Recreation department, the rally was a big success.

Movie Fan

On a visit to the penal colony on Devil's island, French Guiana, Cameraman Pierre-Andre Martineau discovered the world's most enthusiastic movie fan. He was a convict whose body bore tattooed portraits of Garbo, Marlene Dietrich, Mary Pickford and other film stars. His gallery is now complete; he has no more room for pictures

Classes
CSF

Now that the business of annual convention and initiation has been taken care of, the C. S. F. have settled down to have some activity fun. A swimming party has been planned at Jefferson for the near future.

When talking with Howard Vierra, C. S. F. president, he said that the club is going to start something new. "We're going to have a purpose, a goal to reach for," said Vierra. "Our goal will be to take all of the new and transfer students under our wing and help them find themselves at Jefferson," concluded Vierra.

At every meeting this program has been discussed by the C. S. F. and the group decided that instead of having a committee in charge, the whole group of 37 members would work together to obtain this goal.

Commercial Classes

Last Friday afternoon the students of Miss Edna Smith's commercial classes visited the Metropolitan Life Insurance company's offices in San Francisco.

The students took a tour of inspection through the seven floors of the main office.

HI-JINX

George Wallace has been appointed chairman of the senior's annual HI-Jinx. The theme of the event will be "School Days." Seniors are expected to come in kiddies' costumes. Wallace's committee for this gala event will be Adele Menjou, Rose Mary Loney and Ralph Matteucci.

RALLY

The assembly, Friday before vacation, was a "Hum-dinger," pardon the slang but I am sure you agree with me. A lot of credit goes to Eldon Prizborowski, Jeff's yell-leader, and that dynamic person, Roy DeVencenzi, alias Chief Red Pan.

The rally was to pep up the students and football players so they could go out on the field and mow the Palo Alto men down.

After a fine pep talk by Coach Louis Tsoutsouvas and a couple of yells, the curtains parted and the assembly was shown an Indian camp of many centuries ago. A contest was taking place between Chief Arrow Head, of Jefferson, and Chief Red Pan, of Palo Alto. Both of the chiefs were trying to win the hand of Pale Star or Little Miss Jeff. After many amusing incidents the victor proved to be Chief Arrow Head of Jefferson.

The cast included: Chief Arrow Head of Jefferson, Bill Humphrey; Pale Star or Little Miss Jeff, Jennie Giusti; Chief Red Pan of Palo Alto, and writer of the skit, Roy DeVencenzi; tom-tom beater, Frank Jaymot; Indian braves and squaws, Judy Yonan, Dolores Mardecich, Nancy Battaglieri and Joe Battaglieri. Stage lighting was handled by Ray Garibaldi; story teller, Tillie Castro.

Campus Fashions

"Wash the hands often, the feet seldom, but the head NEVER," was one of the wise sayings in "The Toilette of Rank and Fashion," published in 1837.

Today the campus girl washes her head at least every two weeks, and sometimes once a week, depending upon the texture of her hair. She changes her coiffure sometimes, and attends the beauty shop at least once a month.

Say! Have you noticed all of the pompadours being worn by our smart campus Misses. I don't mean little silly curls on the forehead, nor little sausages in rolls around the face, but huge sweeping puffs from ear to ear—high around the head. They are waved, and believe it or not, some are even stuffed, to make them appear higher and fuller.

Another very popular and unique hair style is the old fashioned pigtail. Yep! Pigtails have come back into the fashionable picture, to be worn even though you're way past "school age." The smart magazines are showing coiffures with braids crossed on the top of the head and anchored by invisible bobby pins. If your bob is long, it's a tidy as well as a chic way to take care of stray top locks.

Bows to top your coiffures are always in fashion. Today the trend runs to bigger and better bows.

Quite a snappy coiffure for both school and evening wear is the pompadour waved back to tiny pin curls, and the back caught up in a large black satin bow.

A smart campus lass is one that knows her hair is twice as important as her clothes, or any part of her wardrobe. Have you ever thought to give yourself a new hair style whenever you want a new dress. Believe it or not, a new coiffure can change your appearance one hundred per cent.

Next time you want to change your looks and your personality, try the pompadour or pigtail, and watch the results.

Cleveland Relief Measure

Cleveland relief authorities have ordered the impounding of license plates of relief clients and members of their families who own automobiles. "If these people want to own and operate cars," City Relief Commissioner Frank G. Jones said, "they will get themselves cut off relief rolls."

Yacht As 'Oceanographer'

The S. S. Oceanographer is now charting the Nantucket shoals, called the "Graveyard of the Atlantic." The Oceanographer was formerly the private yacht of Morgan, the magnificent. The master suite aboard her, with its extra-sized beds and its mahogany paneling, is used by Commander Frank S. Borden, the Oceanographer's skipper.

that complete lists of order numbers are now posted in the basement of the city hall. The names are listed in the same sequence in which serial numbers were posted.

Officials reminded draftees to use ink in filling out questionnaires. The draft office is open daily from 9 a. m. to 5 p. m. except Sundays and holidays. it is also open Tuesday and Thursday evenings from 7 to 9 p. m.

Dr. J. C. McGovern, chairman of the board, expressed his appreciation to those who cooperated to make last Monday's farewell ceremonies the inspiring occasion that it was. He especially thanked Joe Altieri and John Soldavini of Belli Motor company for the transportation for the volunteers in the parade.

Speakers at the affair included County Supervisor H. H. Smith, Mayor John J. Fahey; K. V. Doolin, commander of Old Glory Post No. 2044, Veterans of Foreign Wars, and Mrs. Ruth Brulez, president of the auxiliary; A. J. K. Jakobsen, past commander of Daly City Post No. 410, American Legion, and Mrs. Vivian Pahlka, president of the auxiliary; representatives from the South San Francisco Legion post and auxiliary; and Albert H. Boynton, publisher of the Daly City Record, who made a gift presentation of a year's Record subscription to each of the four volunteers. Dr. J. C. McGovern was chairman of the affair.

Treaty of Ghent

At Ghent, in Flanders, on December 14, 1814, the famous peace treaty was signed which formally declared at an end the War of 1812 between England and the United States. News of the treaty did not reach this country until February and fighting was still going on in Louisiana.

Aluminum Softball Bat

A new product of the metal industries is an aluminum-alloy softball bat designed by a company in Cleveland. Weighing the conventional 32 to 33 ounces, the bat does not sting the hands because it is made of metal, and it cannot break in actual play.

Easy To Get In or Out

Doors in the new 1941 Chryslers now on display at Mission Auto company, Chrysler-Plymouth dealer here, are as wide as those in the average home, making entrance or exit unusually convenient. As an added feature, concealed door checks hold the car doors stationary when open. A new type of construction provides a lower floor level, eliminating the necessity for running boards. A. L. Timossi, manager, invites the public to inspect the new cars.

Foreign Auto Ownership

Of all the countries in the world, only two—Ethiopia and Liberia—have as few cars per person as America did in 1900. They have one auto to 12,000 inhabitants.

Paper From Castor Plant

At the Sam Houston State Teachers' college, Huntsville, Texas, newsprint from castor plant pulp has been made in sufficient quantity to be used in printing the school newspaper. The paper is made from the stalk of the castor bean plant and is said to be ideal as a filler for book paper.

'Gone With the Wind'?

Members of congress have been asked to help suppress the moving picture, "Gone With the Wind." The Malcolm Ammidown Woman's Relief corps, of Southbridge, Mass., wrote to senators and representatives urging the film be banned as "an insult to the Grand Army of the Republic."

Aviation Employment Up

As the result of sharp increases in both foreign and domestic airplane orders, California's aviation industry is employing 60 per cent more men than a year ago.

About Town

Two Jefferson Union high school graduates, class of '40, were home for a four-day leave recently from the U. S. S. Nashville. Eugene Mazoue, 574 Crocker avenue, and Charles Augustien, 501 Evergreen avenue, both of whom joined the navy this summer, made brief visits with their families before returning to the sea again, November 19.

Larry Leach, 51 Gambetta avenue, shipped for the Orient on Sunday as a seaman aboard a Scandanavian liner. A former Jefferson Union high school student, Leach expects to return home again in about three months.

Mrs. Peter Dormoy, 40 Mission circle, is recovering from a severe attack of the flu, which has kept her in bed for the past two weeks under the care of a doctor and a nurse. Mrs. Dormoy was able to be out of bed again this week, but is still under the care of a nurse. Her many friends here wish her a quick recovery.

Mr. and Mrs. Gurden W. Van Artsdalen, 119 Los Banos avenue, the the proud parents of a baby son born in San Francisco, November 11.

Garner Stenhouse, Mission circle, returned Sunday from St. Francis hospital, San Francisco, where he had been confined for the past three weeks.

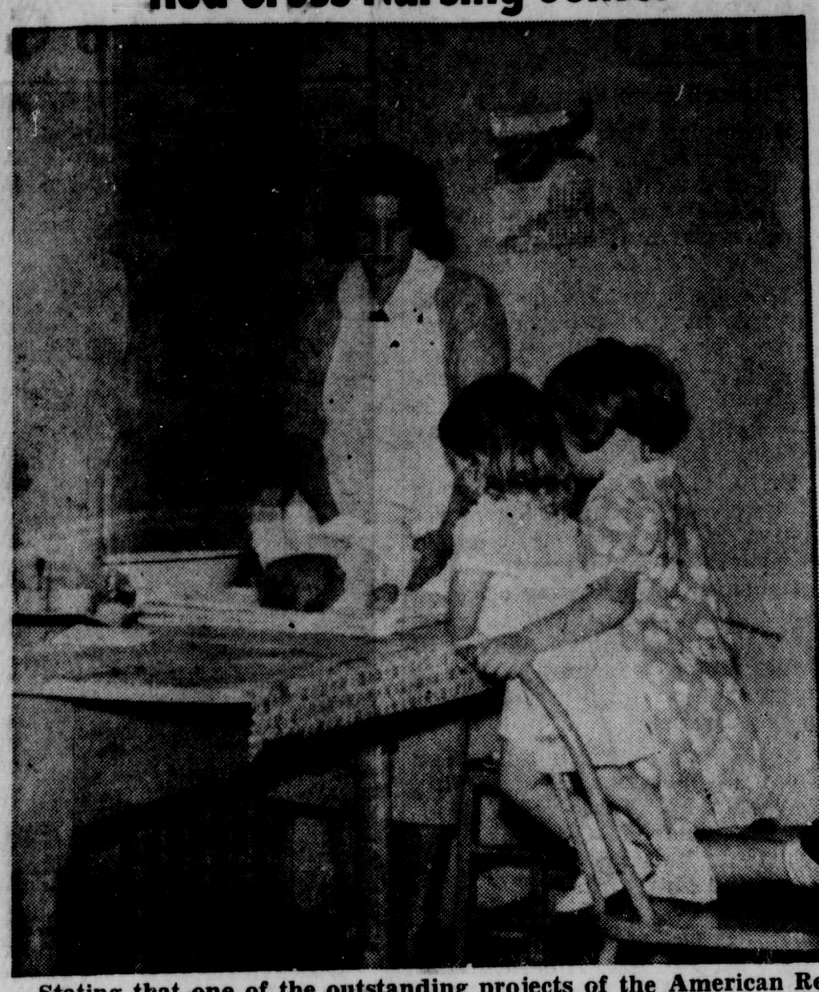
Barbara Neumann, 8-year-old daughter of Mr. and Mrs. Frank Neumann, is convalescing at home from a recent appendicitis operation. Barbara is a pupil at Woodrow Wilson school. Her father, Frank Neumann, is proprietor of the Daly City Sheet Metal works, 6512 Mission street.

Mrs. Bob Fesenden is visiting with her folks at Mason City, Iowa. Story goes around town that husband Bob would be having a good time if he wasn't so busy serving all the customers at Westlake market.

First Hospital Chair

According to the minutes of the Pennsylvania hospital for September 28, 1788, Thomas Affick, by many considered the superior of Philadelphia's famous cabinetmaker William Savery, presented the hospital with a curious mahogany chair for the easy removal of sick patients. The chair was valued at 12 pounds.

Red Cross Nursing Center



Stating that one of the outstanding projects of the American Red Cross chapter in each community is the Visiting Nurse Service, Mrs. Opal D. Fennell, supervising nurse of the San Mateo Chapter, today issued an appeal to residents of San Mateo county to join their local Red Cross chapter during the Roll Call period, ending November 30, in order that this important part of the Red Cross program may be carried on and expanded.

Shown above is Miss Alma Knight, R. N., P. H. N., Red Cross nurse on a typical visit.

'Youthful' House Paint

Home owners faced with the problem of making old houses look younger may try coloring them with "youthful" paints. This can be done with almost any type of construction. Side walls of wood, brick, or stucco may be painted with paints specially prepared for each surface. Roofs may be covered with one of several different types of factory-colored shingles, and color accents may be provided in window blinds and front doors. A popular new exterior color combination consists of light salmon-colored walls, emerald-green roof, and a flame-colored front door.

Who Writes the Sermons?

Simply by reaching up and pulling a string attached to a small bell, Funnyface, seven-year-old cat of Rev. and Mrs. Stanley Knott, of Abington, Mass., lets his master or mistress know he wants to enter the house. He rattles a can opener when in need of nourishment.

Poodle's Moniker

A small poodle probably has the longest and most cryptic name of any dog in Boston. A woman brought the pup into a police station to get a license for "Joy Barker-Snozzle Drop-Kelley."

Light Ray Messages

Messages by light rays were described as an almost interception-proof means of communication during warfare by Dr. Phillips Thomas, research engineer of an Indianapolis electric company. The method would be especially effective in communication between the ground and planes in the air, he pointed out, asserting a message could be intercepted only by cutting into the beam directed at the plane. Other electrical developments demonstrated were a "sterilamp" which he explained would destroy all germs in a given confined area, such as a hospital operating room, and a "black light" which produces various colors.

Underground Hospital

An underground hospital, at Ramsgate, England, the first in that country, is being dug out of rock chalk 90 feet below ground, immediately below the present Ramsgate general hospital. It will include a general ward 559 feet long, containing 200 beds.

Depth Bomb Invention

The depth bomb, terror of submarines, was invented in 1903 by W. T. Unge, of Sweden.

Bullet's Ineffectiveness

The ineffectiveness of bullets shot into water is the result of the absorption of energy by the water. The amount that a lead bullet will flatten on impact with water varies with the striking velocity, the hardness of the lead and the angle of impact.

New Copper Discoveries

New discoveries of copper ore 150 miles southeast of Yellowknife, Alberta, flourishing subarctic mining camp, have been reported. They are expected to give added importance to the northern mineral fields, particularly in view of the war demand for basic minerals.
